## WOW! CALIBRATION MATS TRV-1 & TRV-2

for vehicles from the Volkswagen Group  
and Mercedes-Benz

Manufacturer-specific calibration mats for exact calibration of the rear view camera

# WOW! CALIBRATION MATS TRV-1 & TRV-2

Roll out. Position. Calibrate. It's as easy as that!

**Manufacturer-specific calibration mats for exact calibration of the rear view camera.**

## For the Volkswagen Gruppe

WOW! calibration mats TRV-1\*

Art. no. W074 203 000

### Consisting of:

- 1 calibration mat
- 2 end strips
- 1 storage bag
- 1 quick start guide

## For Mercedes-Benz

WOW! calibration mats TRV-2\*

Art. no. W074 203 001

### Consisting of:

- 1 calibration mat
- 2 end strips
- 1 storage bag
- 1 quick start guide
- 1 sinkhole

## Workshop-oriented flexibility

- Particularly suitable for independent workshops, automotive glass companies, body shops and tyre dealers
- Perfect accessory for modular expansion of the WOW! ACS cars calibration system
- Manufacturer-specific calibration corresponds to OE number VAS 6350 (Volkswagen Group)
- UV-resistant, durable and resistant to fuel and lubricants

\* Also required: a cross line laser and 2 measuring tapes.

## Everything from a single source

- With WOW! ACS cars and the matching accessories, we offer you a robust and workshop-compatible calibration system with which you can calibrate all relevant vehicle makes flexibly and easily.
- Together with our DIALOOQ diagnostic hardware and software solutions, we offer you the optimal solution for your demanding daily workshop routine.

## Your comprehensive and professional service

- From personal consultation and service after commissioning. You have a direct contact person and we are there for you in any situation.

For further information please ask your WOW! contact person or visit [www.wow-portal.com/acs\\_cars\\_en](http://www.wow-portal.com/acs_cars_en)

## Technical data

|   | TRV-1 for Volkswagen Gruppe                                    | TRV-2 for Mercedes-Benz |
|---|--|-------------------------|
| Storage temperature                     | Optimal approx. + 20°C, alternative + 10°C bis + 40 °C         |                         |
| Dimensions of calibration panel (L x W) | 2.1 m x 0.9 m  | 2.1 m x 1.0 m           |
| Dimensions of storage bag (L x W x H)   | 0.90 m x 0.16 m x 0.16 m                                       | 1.0 m x 0.16 m x 0.16 m |
| Weight                                  | 3 kg   | 3.3 kg                  |
| OE number                               | VAS 6350   | W0005890121             |
| Fire protection                         | B1 fire protection certified material as defined in DIN 4102-1 |                         |
| Required space                          | Length approx. 12 metres, width approx. 5 metres               |                         |
